

Aspens

Aspens Services Limited have been providing our hot meals from September 2017.

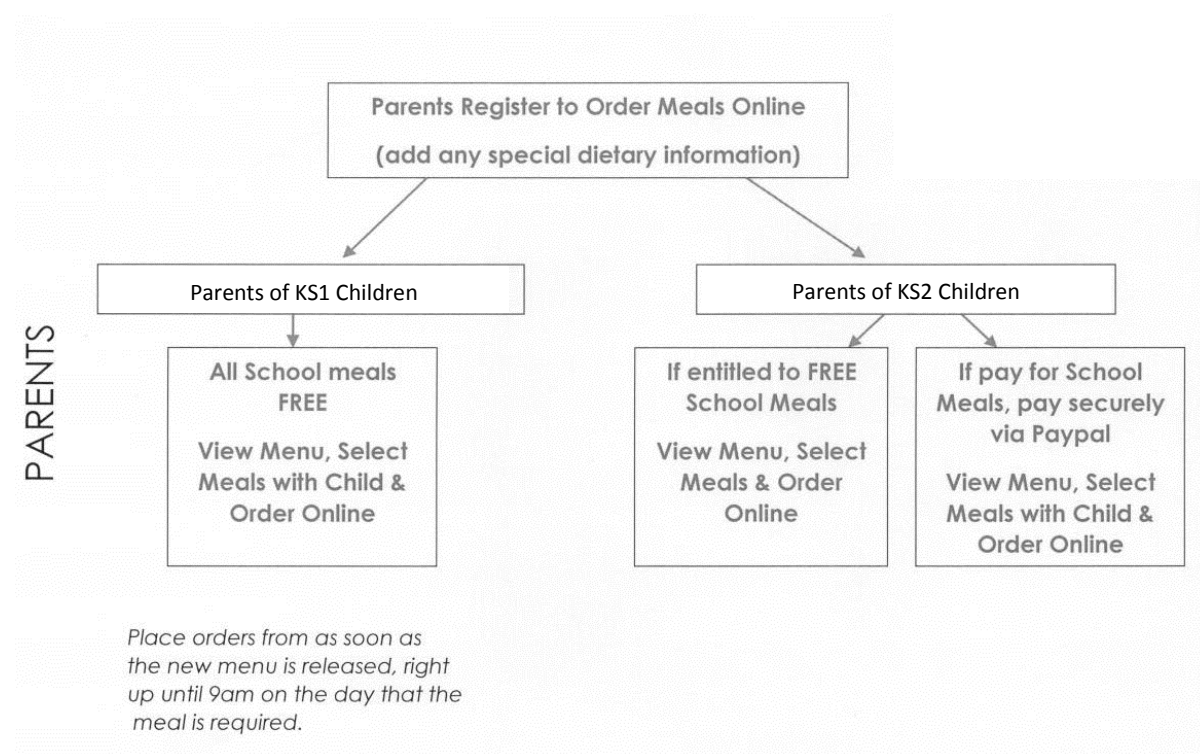

They provide a choice of hot meals or filled rolls and the children also have access to a salad bar.

KS1 children use the flight trays that they were used to prior to September 2017 and KS2 children use 'proper' tableware.

The system for ordering is simple in that **ALL meals have to be ordered online.**

If you are entitled to free school meals or Universal free school meals* (all KS1 children are currently entitled to these) **you still need to pre-book meals online.** The Aspens system is flexible as it allows you to order and pay a day at a time, per week or even for a month in advance.

Aspens have developed a tutorial to watch so you can see how user friendly it is. This link <https://www.youtube.com/watch?v=0FXGFQYfxmU&list=PLsi5PKIfRwDXFq4c4ZnJBvnhCeReDlzik> will take you straight to it. If you have any questions with regards to this new system, please don't hesitate to contact Aspens.

* The school does need a record of the 'Fully Funded School Lunches' form for all KS1 (i.e. year Reception to Year 2) children to enable us to claim our funding in the correct manner. If your child starts off wanting hot school lunches but then changes their mind and would rather have a sandwich provided from home then please let the office know immediately of this change.
