

Spiritual, Moral, Social and Cultural Development

At Whittington Church of England Primary School:

Social development is encouraged through an understanding that teamwork means being willing and responsible for oneself, each other and the environment where we live; and so, actively building a happy community.

Moral development is demonstrated by taking responsibility for our own actions and recognising that these actions have consequences which can be either positive or negative. We show an understanding of right and wrong by making positive decisions about our behaviour and interaction with others.

Spirituality is developed through exploring and developing an awareness of the inner self including: self-worth, potential, personal beliefs, values.

Cultural development is promoted through experiencing our own culture and the culture of others. We grow an open-mind which understands respects and celebrates diversity.

Whittington Church of England School promotes Social, Moral, Spiritual, Cultural development through:

- Collective worship
- Close links with our parish church and its parishioners
- Daily prayer and reflection
- Values Education (our core Christian values)
- Interfaith activities to celebrate diversity, including the observance of some of the significant festivals from other faiths
